

Female PPE tailor-made to meet your needs and keep you safe

New female PPE is available for order through the following form. This includes two glove options and two tailor-made vests, featured below.

Key Features of the Radians Tailor-Made Safety Vest

*Alternate Version Available

- Adjustable elastic band that allows tightening around the waist for improved fit
- Polyester mesh back and sides with lightweight solid front
- Front lower pockets with zippers to secure and hold field accessories

available in lime only

Tapered waist for a professional, fitted look; this style removes the larger fit of original vests, which could create a hazard while on site

Breathable mesh material for a lighter vest and comfort in warm climates

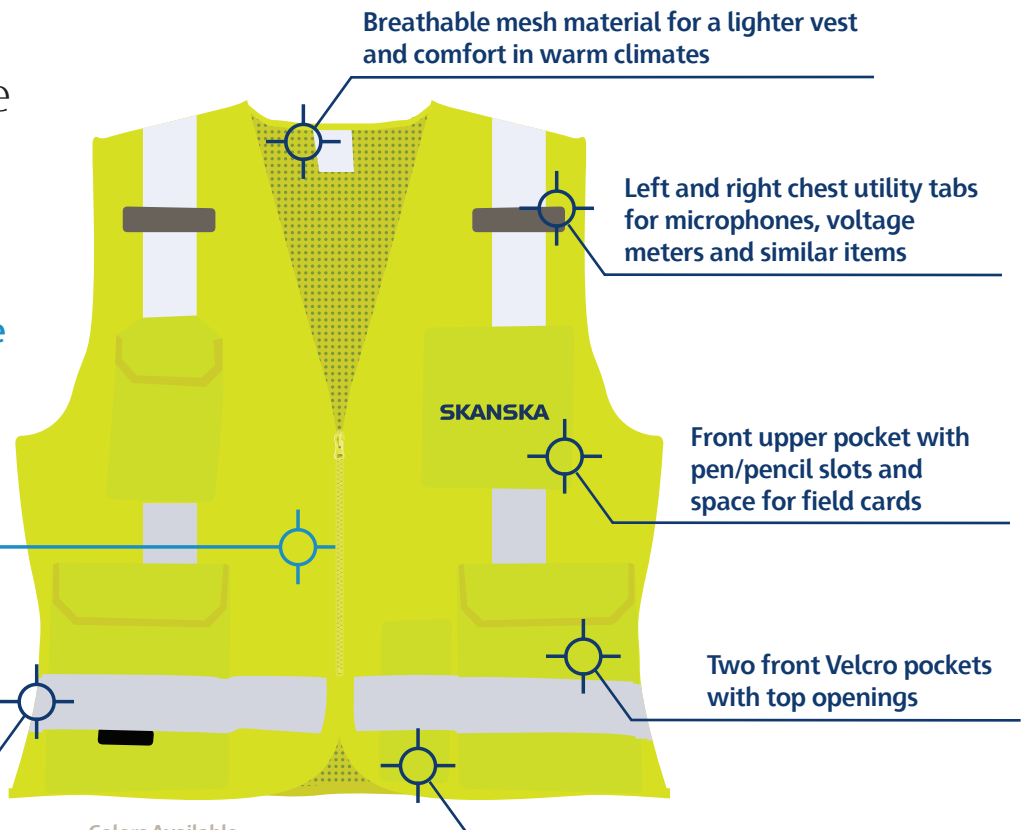

Left and right chest utility tabs for microphones, voltage meters and similar items

Front upper pocket with pen/pencil slots and space for field cards

Two front Velcro pockets with top openings

Interior pocket that can accommodate field books and larger electronic equipment

Colors Available

Radians RWGD100 AXIS D2 Touch Screen Glove

Sized specifically for women, this glove allows you to work on your iPad or iPhone in the field. The glove features Dyneema® Diamond Technology and has an ANSI Cut rating of A3 and an EN388 cut rating of 5. The RWGD100 glove features a 15 gauge high visibility polyester shell with Dyneema® Diamond Technology and a black PU palm coating to provide significant protection against abrasion and cuts.

Armor Guys Kyorene Pro Glove

Sized specifically for women for use in the field, the glove has an ANSI Cut rating of A3 and an EN388 cut rating of 3. It provides excellent abrasion and cut resistance, and is lightweight and odor neutralizing.
